On behalf of the Board, Management and entire membership of this organization, I am delighted to welcome you to the first edition of ISACA Abuja Insights. This weekly newsletter will be a medium to communicate all chapter news to our members and professional communities around the world. ISACA Abuja is one of the 222 Chapters of ISACA International with head office in Chicago, USA. It has over 148,000 members in 188 countries.

As the global economy is transitioning to a digital economy; nations, corporate organizations, small, medium and large-scale enterprises etc. have caught the bug of digital disruptions. Organizations know fully well that if they do nothing, their competitors will get between them and their customers using digital technologies, reinvention of business models with far more compelling customer engagement through emerging technology.

One of the challenges facing developing countries in this era of digital evolution, is closing the digital inequality; in the areas of access, quality, cost and learning technology. Our aim in ISACA Abuja is to build a healthy digital ecosystem that is safe, secure, and accessible to all.

ISACA Abuja Chapter has strategically aligned with the global plans, and our activities for 2022 will focus on serving the learning, career development needs and goals of our members while building a pipeline of next-gen professionals.

I look forward to welcoming you at our monthly chapter meetings, which are held on the last Friday of every month. We host industry experts, dissect trending global ICT issues, government’s policies, and a whole lot more. I do believe that you will have a good time navigating various sections of the newsletter and find answers to all your enquiries where you do have them.

Kind Regards,
Emmanuel Omoke
President, ISACA Abuja Chapter

ISACA will host its hybrid North America Conference 2022 from the 4th-6th of May 2022, in New Orleans Louisiana.

This conference will also include the highly anticipated ISACA Awards. This celebration will honour recipients from around the world for their outstanding contributions to inspire advancements in the tech industry and service to ISACA.

Our Abuja chapter is a recipient of the 2022 Most Outstanding Chapter Award. This is not by accident but by the special commitment, dedication, and efforts of our chapter leaders and members over the years. Also, our strategic partners who believed in ISACA’s purpose and promise, we say a big THANK YOU for your partnership and support.

Please visit www.isaca.org/events to register and attend.

INTRODUCING CVENT

The CVENT difference is coming to ISACA Abuja Chapter in May 2022!!
Get ready to experience the number one event management tool in the world as we give you an enhanced experience at all our chapter events.
May Day 2022, also known as International Labour Day or Workers Day, will be celebrated all over the world on May 1st. The aim behind observing this day is to draw attention towards the labour laws and conditions in respective countries. Take a moment to join global celebrations in honour of the Strength of a Nation...its workforce!
